General comments

José Eugênio Bonjour died in September 2022 and was known as a pioneer in soy production in Rondonópolis (MT) (1); he was also the owner of the company Sementes Bonjour (not active anymore). The cluster of properties at Fazenda Senhor Jesus has different validated CARs declared by Bonjour Administração e Participações (owned by José Eugênio Bonjour) or by Mauro Fernando Schaedler and Ieda Webler Schaedler. Both are active in cattle production with direct and indirect links to Marfrig and JBS. Mauro Fernando Schaedler and Ieda Webler Schaedler own Agropecuária Três Coqueiros (Gaúcha do Norte - MT) and ITFD Agrícola (Brasnorte - MT), which are declared soy-producing companies. The deforestation happens in Fazenda Bom Jesus (registered in SIGEF under José Eugênio Bonjour's name) and in Fazenda Senhor Jesus with validated CAR declared by Mauro Fernando Schaedler, who is active in crop (cotton, soy) and cattle production and supported financially the election of several politicians in 2022 (3). Fazenda Senhor Jesus B, E and G have authorization for the deforestation for logging in 2,195 hectares issued by Sema (MT) (4).
