General comments				
<p>Although the property has a Sustainable Forest Management Plan authorizing the sustainable use of forest resources, valid until 14 December 2023 and covering 277 hectares outside the Legal Reserve [7004338/2022], the area is in a soy expansion region. Daniele Pozzobon is cited as one of the sponsors of the presidential campaign of Bolsonaro in 2022 with a donation of BRL 5,000. Other family members, Ilo Pozzobon and Nelsi Pozzobon are linked to a donation of around BRL 144,000 to the same political campaign (2). Ilo Pozzobon owns a transport company, and one of its trucks was linked to an anti-democratic protest in Brasília in November 2022 after Bolsonaro lost the presidential election that year (3). Despite the family name, it is unclear if Ilo and Nelsi Pozzobon and their agriculture activities are linked to Daniele Pozzobon, who was mentioned as a supplier of Fiagril (2021) and Engelhardt - a company linked to BTG Pactual (2022) in documents related to the Agribusiness Receivables Certificates (CRA) (4).</p>
