General comments			
<p>Geraldo Arantes Nunes is mentioned as an “interested party” in an administrative process involving the Pará Institute of Lands (ITERPA) over a property of a similar size to Fazenda Tiborna (4,356 ha). In the process (2015/400359), the ITERPA attested the falsity of land purchase documents issued in the name of Jaime Neves Ferreira in 1962 (1). According to the Environmental Agency of Pará (Semas-PA), the property's CAR is suspended, and 2,000 hectares of the property were illegally deforested - 1,600 ha were deforested between 2009 and 2022 (2). The property overlaps the protected area APA Triunfo do Xingu, the most pressure by deforestation in the Amazon (3, 4).</p>
