General comments				
<p>The property has valid authorization for the clearance of native vegetation. Nelson Astor Pooter is part of the Brazilian "dirty list" of slave work, which was found to exist in Fazenda Novos Tempos I (São Desidério - BA) and involved 10 workers in such conditions (1). In April 2022, Nelson Astor Pooter obtained authorization for vegetal suppression of 1,425 hectares at Fazenda Novos Tempos I, valid for two years, issued by the government of Bahia (2).</p>
