Beef	Slaughterhouses (sourcing from the municipality)	-		
	Supply chain links & details:	-		
Other supply chain links and details:		The property produces also cotton and corn		
General comments				
<p>Canabrava Agropecuária is one of Brazil's most prominent breeders of American Quarter Horses. Based in Uberaba (MG), the company was established in 1971 by Ferdinando José de Assumpção (deceased in 2018) and is now owned by his son Mario Fernando Palmério Assumpção (1). In 2020, Canabrava Agropecuária received authorization to clear 3,159 hectares of native vegetation in the cluster of Fazenda Santa Maria in Formosa do Rio Preto (BA), despite the suspicion of being linked to land-grabbing operations in the region (2). In 2019, the property Fazenda Santa Maria d'Oeste had 663 ha of native vegetation converted to soybean cultivation (2). Canabrava Agropecuária has links to Chongqing Grain Group and intends to attract Chinese groups for investment in the agribusiness sector in Uberaba (MG) (3). Currently, Canabrava Agropecuária holds BRL 9.7 million in debts with the Brazilian government (4). In 1999 the property Fazenda Santa Maria was listed as a land-grabbing case by the National Institute for Colonization and Agrarian Reform (INCRA), and in 2021, had been linked to conflicts with local communities that claim the ownership of the territory (5). In May 2022, the property Fazenda Santa Maria was visited by an operation of the Civil and Militar Polices to assess conflicts with local communities in the region (6). In February 2023, the Court of Justice obliged the company Canabrava Agropecuária to allow local communities to circulate in the area and to pay an indemnification of BRL 200,000 for blocking access to the area in previous years (7). One of the properties that are part of Fazenda Santa Maria d'Oeste cluster (8 and Gleba J, with another CAR declaration - BA-2911105-AB738498EBFC48FBB9AFFED4253467F9), has the authorization to clear 1,295 hectares of native vegetation valid until August 2023 for agricultural activities (8).</p>
